

AMGAD ESSAM

Artificial Intelligence Student | Aspiring AI Engineer

Phone: (+20)1225379339 Email: [amgagmegoo@gmail.com]

SUMMARY

Artificial Intelligence student at Badr University in Assiut with hands-on experience in Computer Vision, Deep Learning, and Machine Learning. Built multiple real-world projects including object detection systems, image classification models, and robotics applications. Passionate about leveraging AI technologies to solve real-world problems and continuously improving technical and problem-solving skills.

TECHNICAL SKILLS

Programming: Python, C++, SQL

AI & Machine Learning: Machine Learning, Deep Learning, Neural Networks

Computer Vision: Object Detection, Image Classification

CNN Architectures: AlexNet, VGG, ResNet

Libraries & Tools: TensorFlow, Keras, OpenCV, NumPy, Pandas, Scikit-learn

Other: Git & GitHub, Problem Solving

PROJECTS

Smart Vision System (Object & Human Detection)

- Developed a real-time computer vision system for object and human detection using laptop camera
- Integrated object detection and person/face detection models in a unified pipeline
- Implemented using OpenCV and deep learning techniques
- Detected and classified multiple objects while identifying human presence in real time

Deep Learning Vision System (Clothing Intelligence)

- Built a deep learning system for clothing classification using a dataset of 10 categories
- Implemented and compared CNN architectures (AlexNet, VGG, ResNet)
- Evaluated model performance and selected the best-performing architecture
- Developed an image similarity model using feature extraction techniques

Hospital Database System (SQL)

- Designed and implemented a full hospital database system

- Created tables, relationships, and complex queries

Robotics Projects

- Built a robotic arm using embedded systems concepts
 - Developed an obstacle-avoidance car using sensors and control logic
-

EXPERIENCE

Social Media Team Leader – Hult Prize, Badr University

Jan 2024 – Present

- Led a team managing digital content and campaigns
- Coordinated tasks and improved engagement strategies

Freelance Video Editor & Graphic Designer

2022 – Present

- Delivered creative content for multiple clients across different industries
-

EDUCATION

Faculty of Artificial Intelligence

Badr University in Assiut (BUA)

2023 – 2027

CERTIFICATIONS

- Machine Learning & Deep Learning – Maharatak
 - Python Programming – Maharatak
 - SQL for Data Analysis – Coursera
 - Cybersecurity Fundamentals – Maharatak
-

LANGUAGES

Arabic (Native)

English (Good)
